

Secrets to Creating a Super Controller

- - **8:00 a.m., Friday, July 27, 2007** - -

Dealership Controller Seminar

Are you providing your dealer and managers with the reports they really need to make more money? Do you know what reports are crucial to monitoring your dealership and increasing profits? In this dynamic half-day seminar, noted speaker, former power controller and consultant Sandi Jerome will give you the essential tools and information you need to answer these questions with a resounding **yes!**

Become a super controller and drive your dealership's bottom line!

This is a must-attend event for general managers, office managers and CFOs who need to move from everyday "bean counting" methods to mastering power controller techniques that increase efficiencies, save time and drive profits.

In today's competitive market, it's critical that dealers have a "super controller" who's focused on two things: maximizing profits and helping others streamline their processes. Don't miss this opportunity to learn essential power controller secrets from Sandi Jerome, a sought-after speaker, former power controller, consultant and recognized expert in dealership internal controls.

*Due to space constraints, this seminar is limited to the first 48 registrants. **Sign up today!***

A G E N D A
