Addressing emerging issues facing dealers

- Significant growth in class-action litigation filings against dealers nationally
- New federal regulatory compliance issues create new risks for dealers
- Federal and state legislators push dramatic increase in CAFÉ standards
- Federal EPA and state agencies seek to tighten tailpipe emissions
- Latest NADA advice to dealers on adverse action notification
- Best practices with arbitration agreements – pro and con from experts
- Employment law—latest employer challenges in Colorado courts
- How can dealers reduce risk, remain compliant and operate profitably?
- Franchise issues—designing model statutory reforms
- Changing times require renewed action
- Updates on the Colorado Consumer Credit Code
